REPORTING ITEMS

4 Report by the Director-General on the execution of the programme adopted by the General Conference ((190 EX/4 Part I (A) and Add., Part I (B) and Add. online; 190 EX/4 Part II; 190 EX/INF.19; 190 EX/INF.21; 190 EX/INF.23; 190 EX/INF.24; 190 EX/INF.28; 190 EX/INF.29; 190 EX/53; 190 EX/54 Part I)

The Executive Board,

I

A. Content of the report

1. Recalling recommendation 13 of 33 C/Resolution 92, and 33 C/Resolution 78, in which the General Conference requested the Executive Board to report to it at each session on the implementation of the current Programme and Budget (C/5), together with the results achieved in the previous biennium (C/3),
2. Also recalling 34 C/Resolution 89 inviting the Executive Board to have a wider and more strategic assessment of the performance of the programmes, including the EX/4 document, by expressing its views progressively during the biennium through explicit decisions on the performance of individual programmes at the main-line-of-action (MLA) level;
3. Having examined document 190 EX/4 and document 190 EX/INF.24 (report of the Ad Hoc Preparatory Group), as well as the information provided in SISTER on the allocations made from the Special Emergency Multi-Donor Fund,
4. Further recalling that the purpose of the Special Emergency Multi-Donor Fund is to meet the shortfall in programme funding for the 2010-2011 and 2012-2013 biennia, and to deliver the Organization's priority programmes and reform initiatives as determined by Member States in documents 35 C/5 and 36 C/5,
5. Thanks the Director-General for her presentation of the key achievements, challenges and lessons learned, and the response under each of the five major programmes to the financial situation;
6. Notes that the scope of UNESCO's activities under each expected result in document 36 C/5 has been significantly reduced as compared with the range of activities originally foreseen, and that much of the progress towards the expected results described in the 190 EX/4 report was made possible through extrabudgetary funding and some allocations made from the Special Emergency Multi-Donor Fund, as well as some contributions in kind;
7. Also notes that the low expenditure rate in the first six months of the biennium calls for an acceleration in programme implementation;
8. Invites the Director-General to continue her efforts to ensure the efficient implementation of the programme, and to strengthen activities at the regional and country levels, in line with the priorities of the Member States, while striking a balance between statutory and operational activities, and Headquarters and field implementation, taking into account the discussions at the 190th session of the Executive Board;
9. Also invites the Director-General to direct funding from the Special Emergency Multi-Donor Fund to the implementation of the activities foreseen under document 36 C/5 Approved which could not be funded because of the budget shortfall, in accordance

with Article 1 of the Financial Regulations of the Special Emergency Multi-Donor Fund, and to that end, to be guided by the following criteria:

- to advance the two global priorities;
- to respond to the needs of the priority groups;
- to push forward overall reform, including progress in field reform;
- to ensure the implementation of statutory activities;
- to support operational activities at the country level.

B. Format of the report

10. Recalling 176 EX/Decision 29, 34 C/Resolution 89, 184 EX/Decision 4, 186 EX/Decision 4, 189 EX/Decision 4, 190 EX/Decision 4, and document 179 EX/4 Part II – 35 C/3 Draft,
11. Expresses its satisfaction with the improved format and structure of the EX/4 report, including clearer linkages between the results achieved, the main lines of action (MLAs) and expected results, as well as the presentation and content of the executive summary;
12. Invites the Director-General to present in future EX/4 reports a summary assessment on progress achieved in the implementation of the two global priorities, Africa and gender equality, as well and to continue her efforts towards a more consistent and harmonized approach in reporting across all programme sectors;
13. Welcomes the time-bound action plan for implementing the recommendations of the Internal Oversight Service (IOS) in order to enhance monitoring and reporting presented in document 190 EX/INF.21;
14. Reiterates its earlier requests to include a draft decision in future EX/4 reports.
